

Medicaid Stories Needed

If you or someone you know receives funding through the DDA for services provided by The Arc Baltimore, you may or may not know that you depend on Medicaid. Medicaid is sometimes not understood as an essential program for people with disabilities. Due to current threats to the Medicaid program, we are seeking stories about people with disabilities and their families who are willing to share some of their story – about how Medicaid affects you/them.

Please consider the questions below. You can provide the information on this sheet or send it in an email to kmcguire@thearcbaltimore.org. If you would prefer to interview by phone or in person with Arc staff who can write up your story, please use that same email to coordinate a time. Questions? Call Kate at 410-296-2272 ext. 5217.
