Baltimore County residents can now quickly and easily reserve a slot online for free COVID-19 testing by visiting Baltimore County’s website. New dates will be added on Wednesdays each week.

Residents do not need a doctor’s order to obtain a test but must make an appointment. Residents will enter their contact information and choose a site location and appointment time. Persons may also indicate whether they will require special accommodations at the site. While reserving a time slot is recommended, all individuals visiting a County testing location will be served. Adults must show identification upon arrival for their test. Adults accompanying a minor for testing must write down the child’s name and date of birth to present to staff upon arrival at the site. F. Business and Worker Assistance

Tax Information and Deadline Change Alert:
The deadlines to FILE and PAY federal income taxes are extended to July 15, 2020.

Federal Economic Impact Payment (Stimulus Payment)
The CARES Act authorized up to $1,200 in one-time individual “economic impact payments” (also referred to as a “stimulus payment”). Eligible individuals will receive up to an additional $500 Payment for each qualifying child. Many people have already received their economic impact payment as a direct deposit in their bank account from the Internal Revenue Service (IRS).

If you have not received an economic impact payment or for more information about these payments, visit the IRS Economic Impact Payment website. Also, the IRS has posted Frequently Asked Questions and other information for taxpayers related to the Economic Impact Payments. Visit the EIP Information Center. The Internal Revenue Service (IRS) has begun taking telephone calls with questions about stimulus payments, but recipients should expect long waits and may be unable to get answers to complicated inquiries. About 3,500 IRS workers began answering phone lines Monday (5/18). The agency had shut down most call centers and sent employees home in the wake of the COVID-19 outbreak. To get talk with an IRS representative, call the economic impact payment information line at 800-919-9835. You'll have to work your way through a series of automated messages, but the IRS says that people who need additional assistance at the conclusion of the messages will have the option of talking to a phone representative.

*Garnishment of economic impact payments is prohibited, pursuant to Governor Hogan’s executive order 20-04-29-03. Garnishments for child support are exempt from this prohibition.
Unemployment Insurance Benefits

*For Baltimore County Residents: email talentworks@baltimorecountymd.gov with unemployment insurance questions. While Baltimore County cannot file unemployment paperwork on an individual’s behalf (it must be completed at the link below), they are available for assistance.

The Maryland Department of Labor launched a new one-stop unemployment insurance application allowing all newly eligible Marylanders to file claims entirely online. This includes those who are eligible for the Pandemic Unemployment Assistance program, such as those who are self-employed, and individuals who were previously required to file by phone. Please note that the system experienced technical difficulties upon launching and those applying for unemployment may experience delays when trying to access the online application. Visit https://beacon.labor.maryland.gov/beacon/claimant-page.html.

Eligibility

- Individuals who are unable to work, including telework and who are NOT receiving paid sick leave or paid family leave.
- Most employees are eligible for pandemic related unemployment benefits. Unemployment benefits have been extended to individuals who are self-employed and/or independent contractors.
- If you recently exhausted your unemployment benefits, or were already receiving unemployment pre-COVID-19, you are eligible for extended benefits.
- FAQ on eligibility for COVID-19 specific/CARES Act unemployment in Maryland
- If you worked in a state other than Maryland, you must apply for unemployment from the state where you were employed.

Benefits

- Individuals who are eligible for regular unemployment coverage AND who cannot work due to COVID-19 may receive $600 per week on top of current regular UI benefits, with an extension of up to 13 additional weeks of those benefits for a maximum of 39 weeks. Regular unemployment benefits in Maryland range from $50 to $430 per week.
- Individuals who are NOT usually eligible for regular unemployment benefits AND who cannot work due to COVID-19 are eligible for a maximum of 39 weeks of benefits, which includes $600 Federal Pandemic Unemployment Compensation (FPUC).

The COVID-19 Small Business Emergency Relief Grants Program is a $10 million fund established to help Baltimore County’s small businesses harmed by the COVID-19 pandemic. Baltimore County will provide up to a maximum of $15,000 in emergency grant funds to a small business that has been impacted by the COVID-19 pandemic. G. Housing and Utilities:

Evictions Suspended
Until further notice or the state of emergency is lifted, rental evictions are prohibited if the tenant has a verifiable loss of income related to COVID-19, pursuant to Governor Hogan’s executive order 20-04-03-01. Please see this reference guide, https://governor.maryland.gov/wp-content/uploads/2020/03/Executive-Order-Temp-Evictions-Prohibiting.pdf.

Landlords of single-family residential properties may qualify for mortgage relief under the CARES Act if they are unable to collect rent from their tenants because of COVID-19 and as a result can no longer afford the mortgage payment on their rental property. Landlords should contact their mortgage servicer to see if they qualify and to understand the associated tenant protections.

If you live in a multi-family rental unit financed by the Federal National Mortgage Association (Fannie Mae) or the Federal Home Loan Corporation (Freddie Mac), you have access to their respective Disaster Response Networks. Contact your property manager to see if you’re eligible. For more information, see Fannie Mae’s COVID-19 rental relief fact sheet and Freddie Mac’s COVID-19 rental relief website.

Tenants should contact their landlord or property manager to discuss payment options for their specific situation. An additional resource is available from the Consumer Protection Division of the Office of the Attorney General. Visit https://www.marylandattorneygeneral.gov/Pages/CPD/landlords.aspx for tips on how landlords and tenants can communicate positively and constructively.

If someone has concerns that they’ve experienced a violation of the County’s antidiscrimination law, feel free to contact the Baltimore County Human Relations Commission.

Additional housing assistance may be available at:

**New! Utility Shutoffs Halted**  

**New! BGE Disconnections Suspended**  
BGE has suspended all service disconnections and waiving new late payment charges at least until August 1: https://www.bge.com/SafetyCommunity/Safety/Pages/coronavirus.aspx.

**Water Shutoff Halted**  
County Executive Olszewski and Mayor Young have announced joint efforts that neither jurisdiction will turn off water service for failure to pay while Maryland is under a State of Emergency.

**Comcast Suspends Disconnections**  
In addition to suspending suspensions of service, Comcast Xfinity is dropping late fees, making Wi-Fi hotspots free for everyone to access, making Internet Essentials free for new customers, and pausing their data plan, giving all customers unlimited data with no charge for 60 days: https://corporate.comcast.com/covid-19.

**Auto Insurance Credits and Premium Reductions**  
With fewer people driving on the roads due to the COVID-19 pandemic, drivers and insurance companies are seeing fewer crashes. Insurance companies have announced new credits and premium reductions for consumers. Visit your auto insurance company website to view their provisions during this time.

**Mortgage Payments & Foreclosure**  
Mortgage foreclosures cannot be initiated and evictions are stopped until further notice or the state of emergency is lifted, pursuant to Chief Judge Barbera’s administrative order and Governor Hogan’s executive order 20-04-03-01.

The CARES Act includes authority for financial institutions to provide you with temporary mortgage suspension (“forbearance”) on federally-owned or federally-backed mortgage loans, should your
mortgage qualify and should you need such assistance. More than half of the mortgage loans in the United States are owned or backed by one of these applicable federal entities:

- Federal Housing Administration (FHA)
- U.S. Department of Housing & Urban Development (HUD)
- U.S. Department of Veterans Affairs (VA)
- U.S. Department of Agriculture (USDA)
- Federal National Mortgage Association (Fannie Mae)
- Federal Home Loan Corporation (Freddie Mac)

If your mortgage is not owned or backed by one of the above organizations, you still have options. Maryland’s largest banks, credit unions, mortgage lenders and servicers have collaborated with the Governor to provide additional flexibility, including payment deferrals, waiving late fees, and refraining from reporting certain negative information to credit bureaus. See the Maryland Department of Labor’s press release on financial relief initiatives dated April 3, 2020.

Contact your mortgage lender or servicer (the company where you send your monthly payments) to find out what type of mortgage relief and assistance you qualify for. See your lender or servicer’s website or your monthly statement for the contact information.

For more information and resources, visit the Office of the Commissioner of Financial Regulation’s COVID-19 mortgage relief and foreclosure prevention website.
